-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 1 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

1. There were two claims numbered "18" in the instant application. Therefore, second claim 18 has been changed to claim 19 by rule 1.26. Original claims 19 and 20 have also been changed to claims 20 and 21 respectively. Claims 1-21 are presented for examination. However, restriction to one of the following inventions is required under 35 U.S.C. § 121:

I. Claims 1-9, drawn to "an apparatus comprising a variable speed bus, first and second units coupled to the variable speed bus and an arbitration and bus clock control unit to adjust the variable speed bus frequency ..." (lines 1-8) and claims 10-18, drawn to "a system comprising a variable speed bus, a device coupled to the variable speed bus and an arbitration and bus clock control unit to adjust the frequency of a variable speed bus ..." (lines 1-7), both sets of claims classified in Class 710, subclass 307.

II. Newly renumbered claims 19-21, drawn to "a method for adjusting the clock frequency of a variable speed bus depending on the determined request rate for a first unit", classified in Class 710, subclass 15.

Inventions I and II are related as apparatus and process for its practice. They are separate categories of invention. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In this case the process as claimed in claims 19-21 can be used in another materially different apparatus for "controlling clock of a data processing system or component or data transmission", classified in Class 713 subclass 600.

2. Because inventions I and II are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification and

requires an extra search for the method steps, restriction of claims (1-18) and (19-21) for examination purposes is proper.

3. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.

4. Applicant should cancel the claims of non-elected inventions. However, applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gopal C. Ray whose telephone number is (571) 272-3631. The examiner can normally be reached on Monday - Friday from 8:00 AM - 4:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Rinehart, can be reached on (571) 272-3632. The fax phone number for this Group is (571) 273-8300.
